

I-X EDGE

PARQUET EDGE SANDER

I-X EDGE – PARQUET EDGE SANDER.

I-X Edge is the floor edge sander designed for those who demand **high performance** and **flawless results**. Ready for everyday use, easy to operate and comfortable to handle, it combines **power** and **ergonomics** to work quickly, precisely, and comfortably—even on hardwoods.

WHY CHOOSE IT:

- **Constant power:** 2.0 HP (1,500 W) motor for aggressive sanding even in the most demanding conditions.
- **Optimal ergonomics:** carefully balanced with comfortable grips for precise control along edges.
- **Rugged construction:** aluminum and steel, proven technology, easy to repair and built to last precision engineering and high quality at an affordable price.
- **Versatile abrasives:** Ø150 mm backing pad with hook-and-loop and screw attachment for quick, secure changes.
- **Smooth manoeuvring:** high-quality, precisely mounted wheels roll with exceptional smoothness for clean edging.
- **Cleaner work:** high-efficiency dust extraction for effective dust control.

Standard equipment: dust collection bag and carrying case.
Optional: 300 mm sanding arm (HG300ARM)
